

meetio

meetio room 10"

Meetio room is the solution that grants you:

- Efficiency in meetings without disruptions
- Time and space for those spontaneous meetings
- Less time lost for employees looking for free meeting rooms
- Better utilization of the meeting rooms in your office
- No more mishaps with double bookings or hijacked meeting rooms

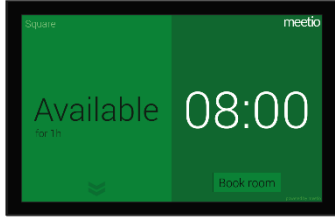

"The software looks great and really enables spontaneous meetings, while at the same time avoiding situations where you have to kick out coworkers who stole your booking."

Olof Sundin, CIO Returpack

Remove the gap

Between digital calendars and physical space. What is booked digitally will manifest outside the room for everyone to see.

Show status

Show status of the meeting room in an instant with color coded displays.

Book the room

Right on site with two simple clicks, super easy and super efficient.

Check-in

Make sure that bookings are utilized by checking-in to the room. Free up the times that the rooms aren't used.

End early

Get a sense of how meeting rooms are actually used and free up extra time for your colleagues, by ending early your calendar will update automatically.

Added bonus

Gain a better meeting-culture in the company by simply visualizing and clarifying how meeting rooms are used.

Hundreds of happy customers around the globe!

საქართველოს ეროვნული ბანკი
National Bank of Georgia

Smart *functions and features*
